

**BOTSWANA ACCOMMODATED TOUR**  
**16 DAY WILDLIFE SAFARI**  
Johannesburg - Victoria Falls or Johannesburg  
10 Nights Lodge / Cabins, 5 Nights Serviced Camping

---

The casual visitor to Botswana could be excused for seeing the country as kilometre upon kilometre of flat, desolate scrubland with little or no surface water – closer inspection however will reveal what is arguably Africa’s finest wildlife destination. A country the size of France, over a quarter of Botswana’s land is set aside exclusively for nature conservation.

Our tour will take us through the vast Kalahari where we will walk with the local Bushmen people, then to the North - into the magnificent Okavango Delta where we will travel by boat and in dugout canoes (mekoro) with local Bayei tribes people to our private camp in the heart of this unique natural wonderland – home also to a multitude of Africa’s Fauna and Flora. We then explore the renowned National Parks in fully equipped open 4x4 vehicles - depending on the season our route will follow the game migrations. We will spend a night under the stars in the vast Makgadikgadi Salt Pans, will enjoy a game viewing boat cruise on the mighty Chobe River, and finally, will visit “The Smoke that Thunders” - Victoria Falls. Clients may opt to then fly out from Victoria Falls or enjoy the journey back to Johannesburg traveling South overland.

These tours offer the adventure traveller, photographer, birdwatcher and naturalist the ultimate natural paradise.

## REQUIREMENTS FOR MINORS TRAVELLING THROUGH ALL BOTSWANA PORTS OF ENTRY

The Ministry of Nationality, Immigration and Gender Affairs informs the general public that it has imposed requirements for minors (children under 18) travelling through the country's ports of entry. Effective from the 1st October 2016 minors travelling through the country's borders will be required to produce certified copies of unabridged birth certificates in addition to their valid passports. In the event that one parent is not travelling with the child, the other parent's affidavit consenting to such travel should be availed. However, an affidavit will not be required if the father's name does not appear on the child's birth certificate. The development, which is aimed at managing the movement of children across the country's borders, has an ultimate goal of tackling human trafficking which is a global challenge. Botswana, like other countries is affected by this problem and as such has enacted the United Nations Anti-Human Trafficking Protocol; which calls upon governments to come up with deliberate measures aimed at combating human trafficking.

We are travelling in developing countries therefore please do not expect the punctuality you have come to expect in first world countries. Things do not always run according to plan, however we do endeavour to run according to the itinerary as best as possible.

#### **DAY 3 - 5: OKAVANGO DELTA**

The Okavango, a massive river emanating from far North, flowing Southwards, creating one of the world's only true inland delta's and a unique ecosystem that supports a huge variety of animal and plant life. The sight of a nervous Lechwe (a type of water buck) pounding across a flooded plain, the Jacana striding delicately amongst the flowering lilies, the Bee Eater diving to prey on an unsuspecting insect, and of course the familiar cry of the African Fish Eagle - all combine to create a canvas of one of nature's unique masterpieces, and then the river, eventually spilling its contents into the vast plains of the Makgadikgadi sands, and it's all gone - just as if you had walked out the other side of an Alice in wonderland book.

We begin our journey into the Delta near the panhandle, gliding through papyrus lined channels by motorboat. It is in this area, where at a time now long past, in Mamba alley, the well-known Bobby Wilmot was bitten by a green mamba. He called his assistant and, knowing that he had no chance of survival, told him verbally how he wanted his estate split up. The Court accepted the man's word as a will. On to our exclusive wild island. We spend three nights here in the true wilderness, deep in the wilds, exploring the area on foot and by mokoro (dugout canoe). There will also be time to simply relax and to absorb the remoteness and serenity of the area. Clients will not only learn more about the animals and plants from the local guides, but will also interact and have the opportunity to learn more about the people and their way of life in this isolated wilderness area.

We enjoy a scrumptious breakfast at the Lodge while preparing for the game viewing part of the trip which is undoubtedly one of the highlights of the tour. Traveling in our well-equipped 4x4 vehicle we head into true wilderness, passing remote villages along the way. We spend five days in the national parks following seasonal game migrations on extensive morning and afternoon game drives, also with relaxing down time to appreciate this rare jewel of a place and its deep tranquillity.

Lourens van der Post, a well-known writer and poet of South Africa once said "Every time I go into the Kalahari, it keeps a piece of my soul". You will feel what it means when you get home. Part of you will still be there.

An example of our route could be: starting with Moremi, we spend first night near the well-known Third Bridge. Drift off to sleep to the howl of the distant hyena or the earthy roar of a lion, and even the deep grunt of a half-submerged hippo. We then head on north via Xakanaxa to camp near North Gate. This area is excellent for game viewing and we will conduct afternoon and morning drives along the wetland areas.

Then on up to Savuti, the area offers a multitude of game drive options and a very active game area (keep the fruit well hidden from the roving elephant, the meat from the prowling hyenas, and everything from the monkeys). The vegetation is constantly changing, from open plains, palm trees and marshland, to dense Mopane woodlands and Acacia scrub, and hence all the fauna and flora changes accordingly.

Depending on the conditions in the national parks we might also venture into the Central Kalahari Game Reserve or the Makgadikgadi Pans National Park. During this part of the journey we camp in pristine, remote, private sites where there is no sign of man's existence – we leave each site in the same condition, nothing but footprints in the sand are left for the quiet winds to deal with.
